

**Professor FARHANG SHADMAN Named
University of Arizona Regent's Professor**

Summary of a news release from the University of Arizona:

University of Arizona President Peter Likins' nomination of Dr. Farhang Shadman for Regents' Professorship was accepted unanimously by the Arizona Board of Regents on June 16, 2005. The formal induction ceremony was held on December 1, 2005 during the winter meeting of the Arizona Board of Regents at the University of Arizona.

The designation of Regents' Professor is reserved for faculty members at Arizona's public universities who have demonstrated exceptional scholarship and outstanding achievements. Each Regents' Professor nominee faces a rigorous nomination procedure. The title, "Regents' Professor," serves as recognition of the highest academic merit. It is awarded to only three percent of the tenured faculty on each campus. Appointments are made annually, or as deemed appropriate by the university presidents.

This is also an honor for the ERC and a high-level recognition of the Center's success and contributions.
